VARIATION ON A FAMILIAR THEME
From 2011-2017, the Historical Society organized and led a bus trip to various parts of Baltimore County. This year, the tables were turned; HSBC was the destination of the annual bus trip organized by the Society for the Preservation of Old Mills (SPOOM).

On Friday, September 7th, SPOOM visited the Almshouse as the last stop on their annual bus tour. Pat Routson and Sally Riley, HSBC Volunteers, gave the 34-member group presentations on the History of the 3rd Baltimore County Almshouse and “Rumor or Fact: A Town under Loch Raven Reservoir,” about a former cotton mill in Baltimore County. As a gesture of their appreciation, SPOOM made a generous donation to HSBC.

Other groups may arrange such visits for a minimum donation of $100 per group by emailing info@hsbc.org.

SMITHSONIAN COMING TO BALTIMORE COUNTY IN 2019!

HSBC will be the first of six Maryland sites to host Water/Ways, a traveling Smithsonian Institution exhibition, brought to the state by the Maryland Humanities’ Museum on Main Street (MoMS) program. Water/Ways will be open to the public in the Cockeysville Almshouse for six weeks, from May 25 to July 6, 2019. This will be the first MoMS exhibition to visit Baltimore County.

The Water/Ways exhibition dives into water—a component of life on our planet, environmentally, culturally, and historically. Water/Ways explores water’s effect on the landscape, settlement and migration, and its impact on culture and spirituality. The Maryland tour will also showcase the state’s unique water stories and history in locally-generated work.

HSBC and more than 15 local partners will host public programs, develop complementary exhibits, and facilitate educational initiatives to raise people’s understanding of what water means to our community. Partners include:

Back River Restoration Committee
Baltimore County Department of Environmental Protection and Sustainability
